

EPA Contest AWARDS OF EXCELLENCE

EPA's annual contest spans two categories: the **Awards of Excellence** and **Higher Goals**.

Awards of Excellence

EPA's Awards of Excellence competition honors overall excellence. Judges in this category evaluate a number of criteria, including writing quality, content choices and design. Members compete only against publications in their same category.

Each entry receives a completed critique sheet by a professional industry judge with one Award of Excellence granted to the best entry. One or more Awards of Merit may be bestowed on other top entries, at the discretion of the judges and contest officials.

There are two divisions: **Traditional** and **Digital**. Each member publication can enter only the Traditional or Digital Awards of Excellence division in which it is a member.

Print publication members have the option to hold a dual membership (Traditional and Digital) and, subsequently, may enter in both the Traditional and Digital divisions of the Awards of Excellence.

New definitions for 2024

- **Traditional** is defined as a print or PDF-generated publication
- **Digital** is defined as a content-driven website

Note: Publications that produce only a PDF for a digital publishing platform (i.e., ISSUU) are considered Digital members, but they enter the Traditional division of the Awards of Excellence.

Submissions by Traditional members

Two consecutive issues must be submitted by mail for printed publications. PDF-only publications will upload PDF files or provide URLs for the digital publishing platform.

Judging criteria in the Traditional division include: Quality of writing | Variety and balance of content | Journalistic creativity | Design and typography | Use of illustrations/photos

Submissions by Digital members

You will provide the URL for your content-driven website. Please double check that your link works so the judge has access to your content. Provide login access if your website requires it.

Judging criteria in the Digital division include: Quality of writing | Variety and balance of content | Journalistic creativity | Website design/aesthetics | Website usability/navigation/mobile responsiveness

The categories in the Awards of Excellence are:

Traditional (Print and PDF)

101 Campus: A print or PDF newspaper or magazine produced by students.

102 Christian Ministry: A print or PDF publication that serves workers in Christian education, churches, or other ministries and/or that educates readers about a certain area of ministry.

103 Denominational: A print or PDF publication serving as the official voice of a denomination.

104 Devotional: A print or PDF publication offering daily devotional readings and Bible studies to inspire

readers.

- 105 General:** A general-interest print or PDF publication that is not the voice of an organization or a denomination.
- 106 Higher Ed:** An institutional print or PDF publication that is the official voice of a college, university, or seminary.
